Welcome!

Accustomed to working in the fast pace of Toronto's construction industry, Frieden Engineering recognizes the need to provide quality and efficient design solutions in a time and cost effective manner. We can work with your schedule to insure that your business requirements are achieved. Our company provides working solutions for civil engineering, structural engineering, building sciences and construction.

Frieden Engineering is a company that aims to be productive and a useful tool for all our clients. We pride ourselves of being up to date with the latest technology to provide effective service. Our range of services offered can insure a clear understanding of our Client's needs and requirements. We believe in integrity and quality in our work. We strive to work efficiently in providing the best possible solutions to our clients needs.

Mission Statement

Our goal is to continue growing with clients and as a company to provide the best service in construction management and engineering.
